Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

| | | |
|--|---|--|
| Program name: | Pizza Cost Application | |
| INPUT | PROCESS | OUTPUT |
| Hint: What will the user input? | Hint: What is the program going to do with the input information? | Hint: What will the screen display after user input? |
| The user will input the diameter of the pizza they want in inches. | The program will do the calculations: where the fixed price for labor is \$0.75 and rent is \$1.00 per pizza. And for materials it will insert input answer in this equation: $0.05 * \text{diameter} * \text{diameter}$; and finally add all of those values together | The screen will display the cost for the pizza. |
