

Instructions:

1. Click on File -> Make a copy

Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

Program name:	GCD Application	
INPUT	PROCESS	OUTPUT
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
User will be prompted to enter two numbers of their choosing	<p>The program will then use the Euclid's Algorithm to find the GCD:</p> <ul style="list-style-type: none">- Find remainder when the numbers are divided with one another- Replace first number with the second number and the second number with the remainder- Repeat until the second number is 0	It will display a message of (The GCD is:) and input the answer that if found.
